QUOTE OF THE WEEK:

"There are too many classrooms
and schools that aren't coming
close to keeping up with the rate
of change in the world around us."
David Guerin in Future Driven.

Dear Souders' Families,

When dropping off or picking up students from school, please use our valet line. Mr. Heck and Mr. Hefner quickly get cars through the lines. The process will move even faster once they know what student belongs to what car! Thanks for helping us keep students safe.

I had several parents reach out this week about apps or social media posts that have gone "viral." Some of these apps challenge students to do unsafe things or share personal information. Students are not able to access these sites at school; however, I cannot stress enough the need to monitor your child's online activity. We hear of new apps and schemes every week. It is impossible to stay ahead. We teach online safety at school, but it is important families are teaching and reinforcing those lessons at home.

This fall we will have 3 sets of parent-teacher conferences. Our teachers will meet with parents once during those conferences. Parents will not have a conference on all 3 dates unless the team (teachers and parents) determines a need to do so. Teachers will be reaching out to schedule conferences with families.

Thank you,
Mr. Cox,

Thanks to all who joined us for curriculum night. Our raffle winners are Linzee Steinmetz, Amber Englehardt, and Nicole Walker. Gift cards will be sent home today.
