Dear Souders Families and Friends:

We will continue sending remote learning lessons and options until the scheduled end of the school year May 21. We will dial back on presenting new material, but we encourage our students to continue to participate in remote learning. We greatly appreciate your efforts at home as we navigate these challenging times.

Report cards will be available electronically on May 22. Since students were not assessed during remote learning, I would expect to see many more "Ps" (progressing) on report cards as we did not assess students after March 13. Please do not be alarmed. If you have questions about your child's progress, please contact the teacher.

Have a great weekend.
